

CSC2406: Assignment 1 Feedback

0031233425

Rashed Kamal

Task 1: Working HTML5/XHTML5 only, unbroken, clearly defined links, ease of navigation

Marks 16

- The links at the bottom of an author's profile page don't work correctly, as it
- incorrectly pathed. You should include the title attribute in links to provide more
- information. Try to restrict the use of the div element.

Task 2: Use of CSS3 for Style and Page Formatting

Marks 20

- Good use of CSS3 for style and page formatting.

Task 3: Responsive CSS3 (large screens, mobile devices, print)

Marks 15

- Your website works on narrow screens, mobile devices and has limited excessive
- information when printing.

Task 4: Overall Design and discussion, style, standards, and consistency

Marks 17

- You could have discussed how your design compares to the standards a bit better.

Task 5: Logo and use of Images

Marks 12

- Good use of images although try to use the width, height and alt attributes on all images.

Task 6: HTML/CSS structure and comments

Marks 10

- Good html/css structure and in-text comments.

Total Marks: 90
